Pilldolla Creek Contracting

Building Roads. Building Communities.

Pilldolla Creek Contracting is a locally owned road building company based on the Sunshine Coast in Powell River, British Columbia, dedicated to delivering reliable, high-quality infrastructure services. With a team of loyal staff of experienced operators to conduct road construction and maintenance, logging, yarding, loading, and hauling throughout the region.

Pilldolla Creek Contracting takes pride in building strong foundations, not only for roads, but for long-term relationships with clients.

“Every contract we take on is about more than completing a job, it’s about reducing risk for our clients, delivering long-term value, and proving that our experience, equipment, and team can be relied on when it matters most.

We believe in doing the job right the first time, communicating openly, and ensuring every project reflects the professionalism and work ethic our clients expect. That’s how lasting partnerships are built.”

- Kevin McKamey, Owner

(personal communication, November 2025).

Our Mission

Pilldolla Creek Contracting is committed to delivering reliable, high-quality road building services grounded in safety, professionalism, and long-term value. Through durable workmanship, trusted client relationships, uncompromising safety standards, and clear communication, Pilldolla Creek Contracting consistently exceeds expectations and delivers road building solutions that strengthen communities, build trust, and provide lasting value.

Safety (safety.htm)

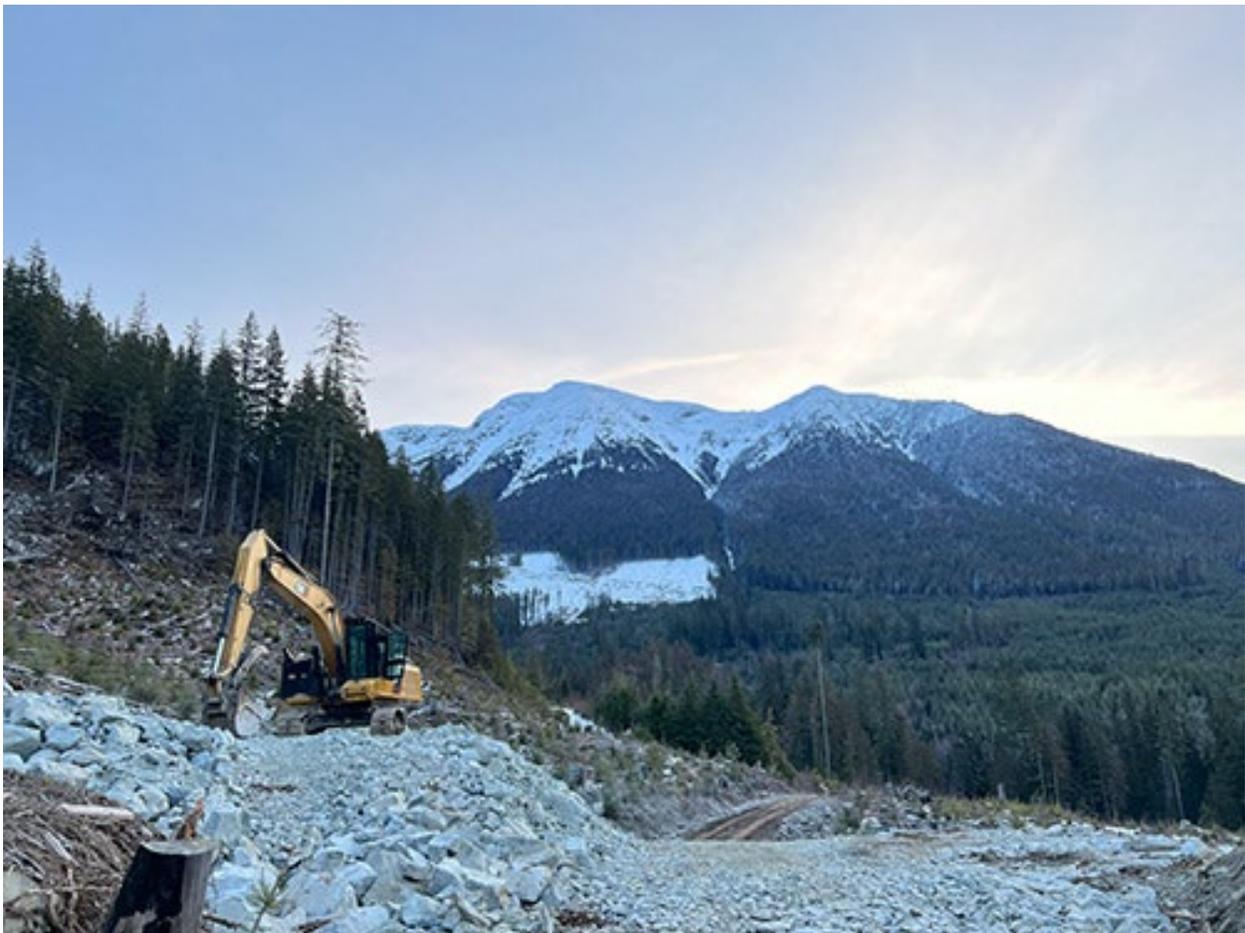

Safety

A Safe Work Environment is our Top Priority

At Pillodolla Creek Contracting, safety is not simply a requirement, it is the foundation of daily operations. Road building and heavy equipment operation involve significant risk, which is why proactive planning, training, and communication are integrated into every project.

Our company's safety program is designed to exceed industry standards and is implemented through rigorous training, regular equipment maintenance, and ongoing risk assessments. A safe work environment not only protects employees but also leads to efficient operations, stronger teamwork, and reliable results for clients.

Pilldolla Creek Contracting is proud to maintain an excellent safety records and remains committed to prioritizing safety in all aspects of its operations.

Our Key Beliefs

- Safety is everyone's responsibility
- All incidents are preventable with proper planning and vigilance
- Open communication about hazards fosters a stronger safety culture

- Continuous learning ensures we stay ahead of risks

Commitment to Training and Supervision

- Regular, mandatory safety training for all employees
- Skilled supervisors guide teams on safe practices on and off site
- All workers on worksite must be competent, fully trained, and certified for the work they are performing
- Mentorship programs to develop safety leadership within the team

Legislation and Compliance

It is understood that the regulatory environment of our industry has a profound impact on safety. Accordingly, all procedures, training, and supervision are guided by legislation and best practices, ensuring the health and well-being of our team and the communities we serve.

Continual Improvement

We are committed to the ongoing improvement of our practices. This includes supporting the development and implementation of new methods, procedures, and techniques that have the potential to further improve safety outcomes for our team, clients, and the community.

Objective

Our objective is to maintain a work environment where safety is embedded in every task and decision. We aim to protect the health and wellbeing of all employees, ensuring that every project is completed responsibly and in full compliance with legislation and industry best practices. By prioritising training, supervision, and continual improvement, we strive to exceed safety expectations and standards.

“We believe in doing it right the first time, because the safety of our team and the integrity of our work come first.”

- Kevin Mckamey, Owner

(personal communication, November 2025).
