

## Literary Legends – Project Part 3 Content & Imagery

Mia Davis-Lecinana

### index.htm

- Will include all of the links to the other main pages (Book titles, Authors, Description Identifier, Contact).
- Will also contain popular books currently displayed.
- We exist to help individuals find the books anyone has been looking for their whole life or maybe have read a book many years ago and cannot remember the books name.
- Who I (the founder/creator of the site) is, and why I created the site.

### titles.htm

- Books added to the page will be listed from A through Z.
- Page will be for those that know which book they're looking for but want a description of the book along with where to buy.
- Alphabetical listing of books.

### author.htm

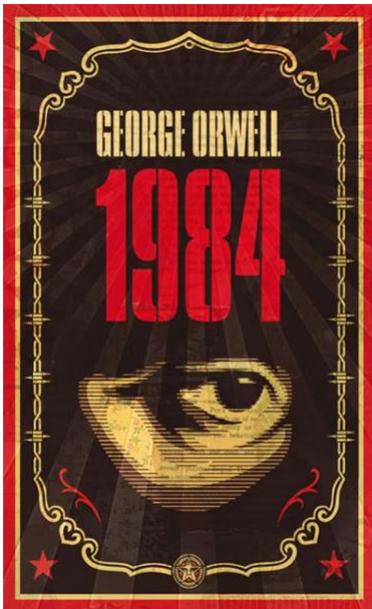

- Page will contain links to last name identifier and first name identifier pages.
- Alphabetical list of authors last name, and search bar.

## descrpt.htm

- This page will contain a search engine to find books through summaries (found on the back or inside of books).
- This will be a help forum where you can leave questions similarly to a Q&A or frequently asked questions.

## contact.htm

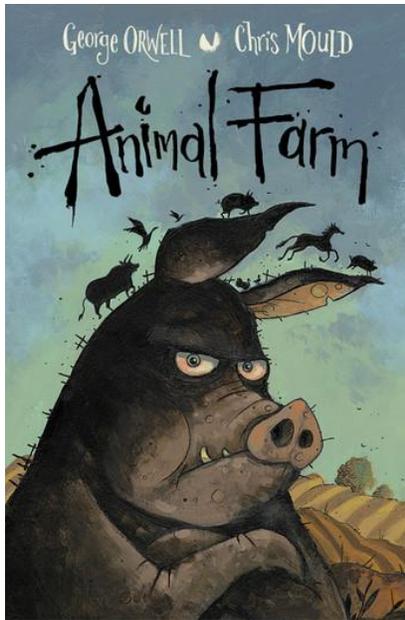

- Will include email address for myself along with first name and last name.
- Link and name of social media platforms.
- Will contain a form to fill out when requesting a book be added to the site and a form for requesting the finding of a book, that they do not remember the name of.
